

**In the drawings:**

Applicant attaches as Appendix A one (1) sheet of drawings. This sheet, which includes Figure 1B, replaces the Figure 1B originally submitted.

**In the claims:**

**Please amend the claims as follows:**

1. (Fourth amendment) An insert earphone comprising:

- a housing;
- a receiver located in the housing and having an output port, the receiver for electrically coupling with an audio signal source;
- a flexible eartip for acoustic sealing with an ear canal of a user; and
- a tube nipple providing an acoustic pathway through at least one wall of the housing and having a first end and a second end, the first end being located within the housing and being acoustically coupled to the output port of the receiver and the second end being located externally to the housing and being acoustically coupled to the flexible eartip, the tube nipple and housing being configured and arranged to form an obtuse angle between a longitudinal axis of the tube nipple and a vertical axis of the housing, wherein the housing hangs approximately vertically along the side of a user's head when worn.

10. (Third amendment) The insert earphone of claim 8, the rigid tube nipple and the housing being configured and arranged to form an obtuse angle between a longitudinal axis of the tube nipple and a vertical axis of the housing, wherein the housing hangs approximately vertically along the side of a user's head when worn.
